## College of Engineering Welcomes Freshmen Students

The College of Engineering at Al Ain University, Abu Dhabi Campus, welcomed its freshmen students who joined the college at the beginning of the academic year 2019-2020 by organizing an orientation meeting, where various sessions were delivered by the college faculty members about the most important topics that students should be familiar with during their studies.

Dr. Faten Kharbat, Deputy Dean of the College of Engineering, started the meeting by wishing the students to have a great academic year full of positivity and successes, directed them to start working hard and stressing the importance of being an engineer even while they are students.

Dr. Thabet Mismar explained the Academic Clarifications which include GPA Rating, Course Grading System, Attendance (FA), and other AAU rules and policies.

Dr. Mohammad Daoud talked about Registering for classes and explaining in detailed about the study plan, and the students' future career and how they can decide to study what they are

good at. He also focused on the Grants and Financial Aid that the university offers for the students and he explained the differences between those grants.

Moreover, Mr. Zaydoon Hatamleh talked about the AAU resources such as AAU email and the importance of using this email, and he clarified the idea of using the Edugate and the Moodle.
