## Engineering students secured top places in the Table Tennis tournament

The Deanship of Student Affairs at Al Ain University, Al Ain Campus, organized the Table Tennis Championship, with the participation of AAU students from the College of Pharmacy, College of Engineering and College of Education, Humanities and Social Sciences. Student Ahmad Jamal from the College of Engineering won the first place, while student Mohammad Hassan from the same college won second place.

The aim of this sports competition is to entertain the students and integrate the practical life of the university with the entertainment aspects.
