# Awarding best library users

The Khalifa Library at Al Ain University has launched a new initiative titled "Best Library Users," which aims to encourage students to utilize the library's facilities and benefit from its diverse services. Eight students were selected from among the library's most frequent users for the 2024-2025 academic year and were honored with certificates of appreciation and symbolic gifts in recognition of their excellence. This initiative honors the students who use the library the most, believing in the importance of encouraging them to frequent the library and benefit from its diverse knowledge resources. The initiative also aims to enhance students' cultural and scientific awareness, instill the values ??of self-learning and cognitive research, and deepen their connection to the library as a primary source of knowledge. It also encourages them to explore its diverse resources and services, contributing to the development of their academic skills and enhancing their chances of success and excellence throughout their university journey.
